Title: You Can See But Can You Hear?

Introduction: When it comes to the Christian life, it's one thing to see the Lord but it's something else to hear Him.

- I. The Apostle Paul saw a great light and then he heard a great voice.
 - A. The light shone all around him. (6)
 - B. Those who were with Paul also saw the light and were afraid.
 - C. Only Paul heard the voice of Christ.
 - D. Paul knew who Jesus was when he heard the voice.
- II. An intimate knowledge of Christ comes from hearing his voice.
 - A. Many people have seen "religion" but they have not heard the voice of Christ.
 - B. Your own conversion is a story of hearing the voice of Christ through the Holy Spirit.
- III. Why did Jesus speak to Paul?
 - A. There are five reasons:
 1. God had a purpose for Paul (14).
 2. God wanted Paul to know His will (14).
 3. God wanted Paul to see Jesus personally.
 4. God wanted Paul to know Jesus personally by hearing.
 5. God wanted Paul to be a witness of what he saw and heard.

Conclusion: Many people don't really see because they have never heard.
